[Summary](#)

[Question](#)

[Individual](#)

Do you consider Enola First Church of God (ECOG) to be your home church?

85 responses

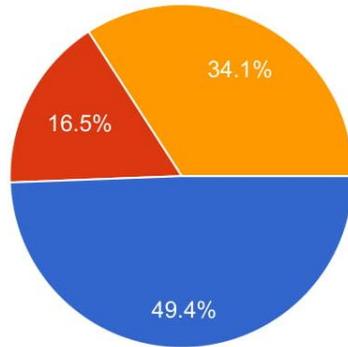

- Yes
- No

During the yellow phase, please indicate what you would prefer:

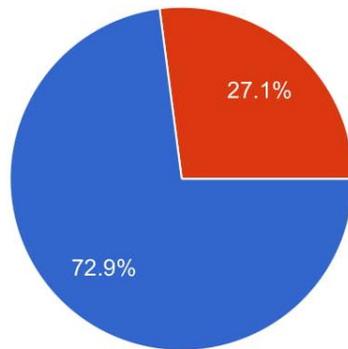

85 responses

- I would prefer to continue to participate in worship through an online experience at home
- I would prefer to worship in person at ECOG
- I have no preference - I am open to either option

Should ECOG offer several weekend worship services in the building during the yellow phase, it will be necessary to cap the number of attendees to 25 per service. This will require people to sign up ahead of time to come to a given service. Would you be willing to sign up to come to a public worship service in the building?

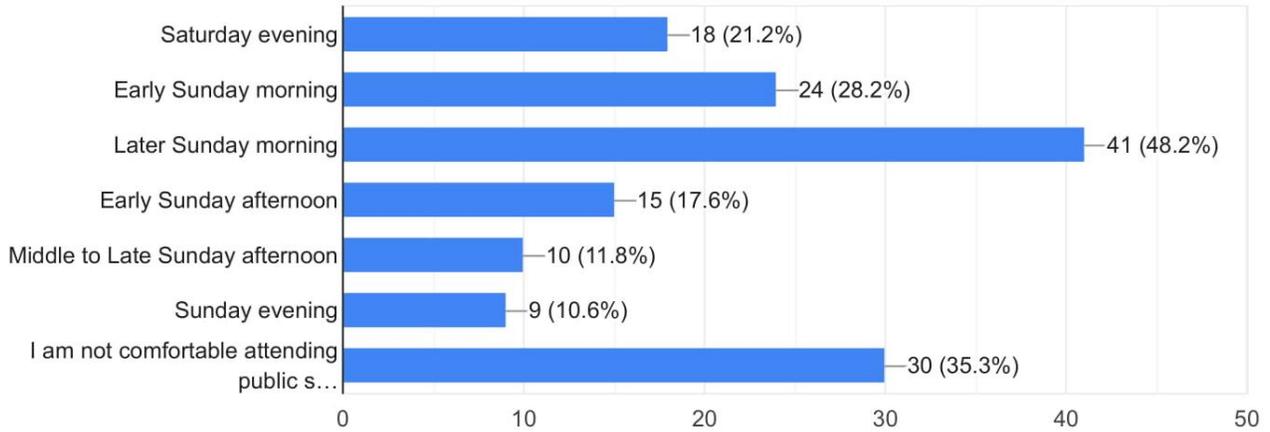

85 responses

- Yes
- No

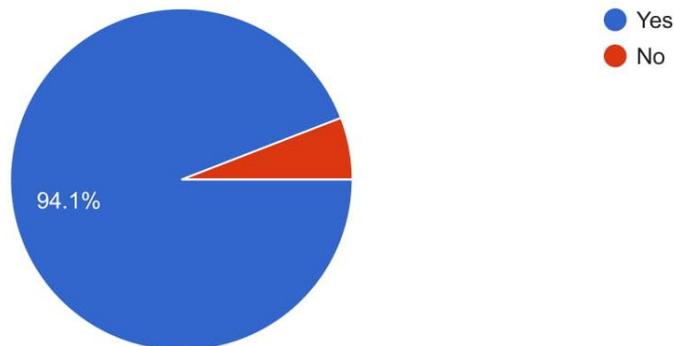

When would you be willing to attend a public worship service in the building at ECOG during the yellow phase? NOTE: Such services would consist of a maximum of 25 attendees exercising social distancing in the building.

85 responses

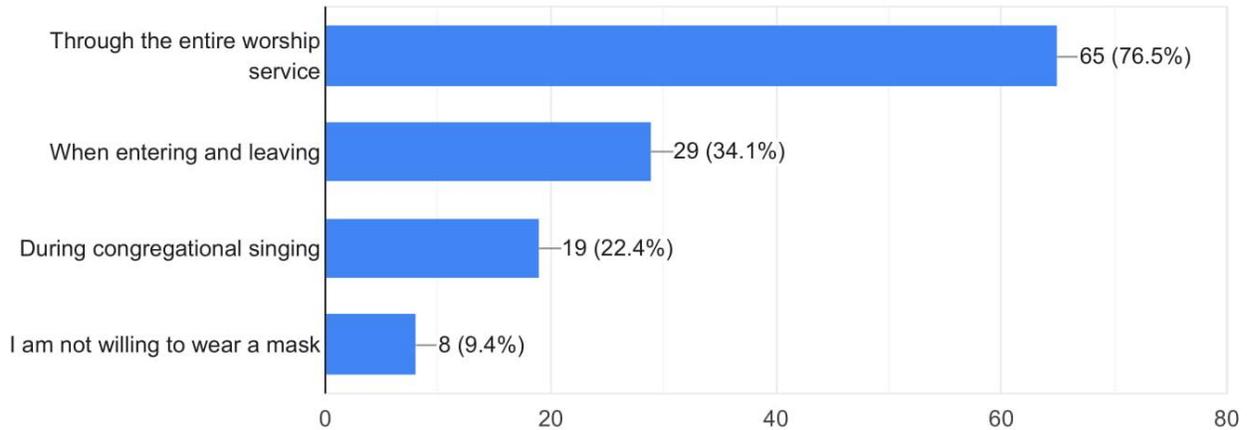

If you are willing to attend worship in the building during the yellow phase, the use of hand sanitizer may be necessary upon entry. Please indicate if you are willing to apply hand sanitizer (provided by ECOG) when you enter the building:

If you are willing to attend worship in the building during the yellow phase, wearing a mask may be recommended or even required by the state during certain portions of public gatherings. Please indicate when you would be willing to wear a mask during a worship service in the building. Check all that apply:

85 responses

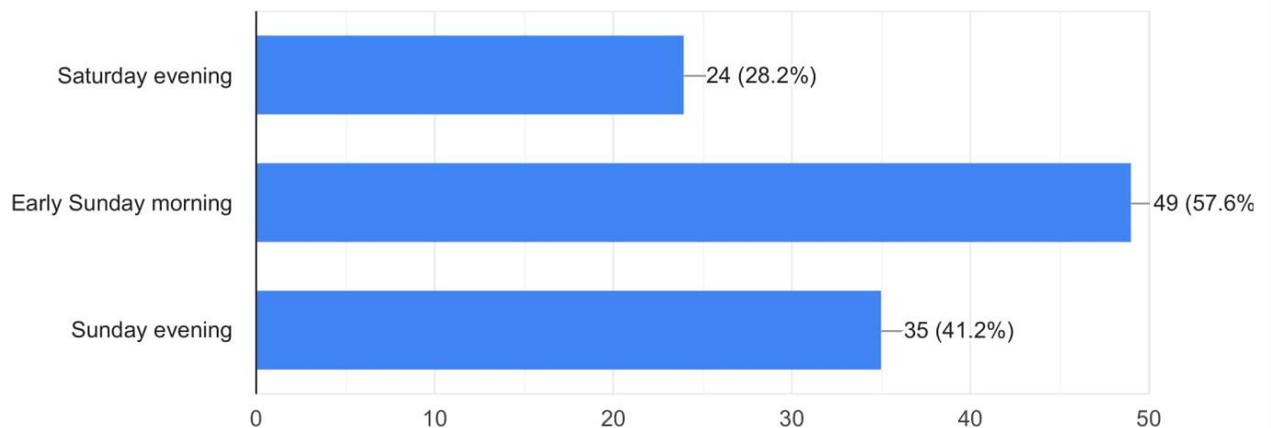

During the yellow phase, would you consider coming to a "Drive-in" worship service (weather-permitting) out in the lower parking lot during the yellow phase? Note: There would be no sign ups necessary to attend a Drive-in service. Please check all that apply:

85 responses

If you are open to attending a Drive-in Service, when would you be willing to attend (with warm weather coming, we must be careful about offering these in the heat of the day).  
Please check all that apply:

85 responses

**Please offer any other suggestions regarding how to offer worship experiences at ECOG during the yellow phase.**

Whatever you choose to do will be fine with me.

I may be reluctant to attend due to my age and my other physical conditions although I miss the fellowship

If service is available in the church, I still think it should be on Sonshine TV.  
None that I can think of!

I'm very torn about the government intervention of religious services. This is not a 3rd world country. This is our 1st amendment right. I don't believe the government should interfere with our worship service. I'm really angry with these scare tactics. Maybe I'm conspiracy theorist. But, that's my feeling.

I trust whatever you decide. It is a hard decision to make. I miss being with my church family but realize that may not be feasible. The online services have been outstanding.  
If a speaker setup could be projecting outside simultaneously with an indoor service, more could hear it at once.

I think options are great. So, if you have people willing to do drive-in or smaller services but can still show an on-line service, it would serve more people and their needs. Thank you for all that you are doing!

What about Sunday school classes?

We should still offer an online service during the yellow phase. Actually, until we get to GREEN, I am very leery of offering in-person services. We have many elderly in the congregation and I would hate to see someone contract the virus from attending a worship service.

I would be willing to play music in a second service.

Question 7 does not allow multiple choices – Karey

I think the online service is having a greater outreach even to people who do not regularly attend the services

Having asthma I can only wear a mask until my breathing's becomes compromised. Also I wouldn't attend outside services if I could bring a lawn chair while maintaining distance. Not sitting in my car.

I appreciate all you are doing for your church family! Any time from 9:00 am to 1:00 pm would be a good time to do a drive in service! Lizzy and I watch the YouTube service every week and have enjoyed it! We sing with the music and are still able to worship God and He hears us all! Sometimes I think I need an attitude adjustment!! Take care and God bless you and your family!!

Having a small sign up of 2 adults wipe down the top of the pews backs and 1 adults to wipe off the door handles in between services or in between every 2 services. Possibly reserving one of the services to be seniors or older adults only without children, such as the early Sunday service (after the pews and door handles were cleaned Saturday night). Would that make them feel more comfortable that they would not come in contact with kids with are big carriers of the disease? Not sure- just a thought!

Hopefully pastor Jensen wont have to do all the services himself and could get over whelming. Maybe have pastor jensen on Sunday, pastor Joe and pastor sandy baney alternate Saturday. Max of 25 people per room with videocast to all rooms. You may be able to have one service. I have four of the high risk categories and will need to be very careful what I expose myself to. The online service has been great during the time the church has been closed. My hope would be the Church would continue online services so I could be a part of worship.

At my age I would like to get my services on the Internet. I'm at high risk.

I think smaller groups in the sanctuary will be useful, however I do not foresee the older populations of our church being on board with this. Drive-in services eliminate a lot of the issues that could occur with having services in the building.

Wait upon the Lord for an all clear time to resume fully safe contact with people. Continue online until green phase. Any chance when weather is nice we could do outdoor service (pavilion) or bring your own chair? Thanks for asking and all you are doing!

I am concerned that even though Cumberland county is considered yellow we may get people from counties that are in the red zone.

I think that it is unreasonable to expect the pastor to conduct the service 6 different times. We would prefer to attend a worship service in side but anywhere we can worship God that is where we want to be
